Contents

Volume 11, Number 1, January 1987

1 K. C. GATTER, A. HERYET, D. C. BROWN and D. Y. MASON: Is it necessary to embed bone marrow biopsies in plastic for haematological diagnosis?

9 R. RAGHAVAN, A. DATE and A. BHAKTAVIZIAM: Fungal and nocardial infections of the kidney

21 C. D. M. FLETCHER, S. E. DAVIES and P. H. MCKEE: Cellular schwannoma: a distinct pseudosarcomatous entity

37 C. A. HOLDEN, J. SPAULL, A. K. DAS, P. H. MCKEE and E. WILSON JONES: The histogenesis of angiosarcoma of the face and scalp: an immunohistochemical and ultrastructural study

53 M. GRIFFIN and E. C. SWEENEY: The relationship of endocrine cells, dysplasia and carcinoembryonic antigen in Barrett's mucosa to adenocarcinoma of the oesophagus

63 M. LEADER, M. COLLINS, J. PATEL and K. HENRY: Vimentin: an evaluation of its role as a tumour marker

73 E. SANDSTAD and F. HARTVEIT: Stromal metachromasia: a marker for areas of incipient invasion in ductal carcinoma of the breast?

81 S. S. PRIME, A. PITIGALA-ARACHCHI, I. J. CRANE, T. J. ROSSER and C. SCULLY: The expression of cell surface MHC class I heavy and light chain molecules in pre-malignant and malignant lesions of the oral mucosa

93 P. A. HALL, P. M. STEARN, M. G. BUTLER and A. J. D'ARDENNE: Acetone/periodate-lysine-paraformaldehyde (PLP) fixation and improved morphology of cryostat sections for immunohistochemistry

103 B. A. GUSTERSON, J. P. SLOANE, C. MIDDWOOD, J. C. GAZET, P. TROTT, J. TAYLOR-PAPADIMITRIOU and J. BARTEK: Ductal adenoma of the breast—a lesion exhibiting a myoepithelial/epithelial phenotype

111 Book reviews

114 Forthcoming meetings

Volume 11, Number 2, February 1987

115 N. A. SHEPHERD, A. J. BLACKSHAW, P. A. HALL, L. BOSTAD, P. J. COATES, D. G. LOWE, D. A. LEVISON, B. C. MORSON and A. G. STANSFELD: Malignant lymphoma with eosinophilia of the gastrointestinal tract

131 J. D. VAN DER WALT and J. LEAKE: Granulomatous sialadenitis of the major salivary glands. A clinicopathological study of 57 cases

145 C. J. ELLIOTT, J. P. SLOANE, K. V. SANDERSON, M. VINCENT, V. SHEPHERD and R. POWLES: The histological diagnosis of cutaneous graft *versus* host disease: relationship of skin changes to marrow purging and other clinical variables

157 S. FLEMING and C. E. SYMES: The distribution of cytokeratin antigens in the kidney and in renal tumours

171 S. FLEMING and G. BROWN: The expression of 3-fucosylated-N-acetyl lactosamine carbohydrate determinants in renal tumours

183 P. A. DERVAN, S. F. CAHALANE, P. KNEAFSEY, A. MYNES and K. MCALLISTER: Malignant rhabdoid tumour of soft tissue. An ultrastructural and immunohistological study of a pelvic tumour

191 J. K. C. CHAN, M. S. TSUI and C. H. TSE: Diffuse sclerosing variant of papillary carcinoma of the thyroid: a histological and immunohistochemical study of three cases

203 J. K. C. CHAN and D. SAW: Sclerosing mucoepidermoid tumour of the parotid gland: report of a case

209 S. SUSTER, M. HUSZAR, E. HERCZEG and J. J. BUBIS: Adenosquamous carcinoma of the gallbladder with spindle cell features. A light microscopic and immunocytochemical study of a case

215 Brief reports

G. FALCONIERI, M. MELATO, S. BUCCONI and P. BIANCHI: Malignant lymphoma arising in an intestinal polyp

E. F. GAFFNEY: Favourable prognosis in gastric carcinoma with parietal cell differentiation

G. S. RUTHERFOORD, A. E. ADAM and S. O'ROURKE: Subcutaneous myxopapillary ependymoma

221 Book reviews

224 Announcement

225 Forthcoming meetings

Volume 11, Number 3, March 1987

227 S. E. POUND, M. K. MACDONALD and D. THOMSON: Diffuse proliferative glomerulonephritis—how many types?

245 C. D. M. FLETCHER, P. ACHU, S. VAN NOORDEN and P. H. MCKEE: Infantile myofibromatosis: a light microscopic, histochemical and immunohistochemical study suggesting true smooth muscle differentiation

259 O. SASAKI, W. S. ATKIN and J. R. JASS: Mucinous carcinoma of the rectum

273 B. E. SANDSTEDT, J. F. M. DELEMARRE, D. HARMS and M. F. TOURNADE: Sarcomatous Wilms' tumour with clear cells and hyalinization. A study of 38 tumours in children from the SIOP nephroblastoma file

287 I. A. KOELMA, M. NAP, C. J. RODENBURG and G. J. FLEUREN: The value of tumour marker CA 125 in surgical pathology

295 E. E. MAY and E. PERENTES: Anti-Leu 7 immunoreactivity with human tumours: its value in the diagnosis of prostatic adenocarcinoma

305 V. EUSEBI, G. P. CASADEI, G. BUSSOLATI and J. G. AZZOPARDI: Adenomyoepithelioma of the breast with a distinctive type of apocrine adenosis

317 G. GHERARDI: Signet ring cell 'mucinous' thyroid adenoma: a follicle cell tumour with abnormal accumulation of thyroglobulin and a peculiar histochemical profile

327 D. N. SLATER: Trichoblastic fibroma: hair germ (trichogenic) tumours revisited

333 Forthcoming meetings

Volume 11, Number 4, April 1987

335 J. SIMON, E. L. JONES, M. M. TRUMPER and M. V. SALMON: Malignant lymphomas involving the central nervous system—a morphological and immunohistochemical study of 32 cases

351 B. R. OPPEDAL, P. BRANDTZAEG and J. T. KEMSHEAD: Immunohistochemical performance testing of monoclonal antibodies to neuroblastoma cells on normal adrenals, spinal and sympathetic ganglia, and neural crest tumours

363 B. R. OPPEDAL, P. BRANDTZAEG and J. T. KEMSHEAD: Immunohistochemical differentiation of neuroblastomas from other small round cell neoplasms of childhood using a panel of mono- and polyclonal antibodies

375 C. W. LAWSON, C. FISHER and K. C. GATTER: An immunohistochemical study of differentiation in malignant fibrous histiocytoma

385 J. B. J. FOZARD, M. F. DIXON, A. T. R. AXON and G. R. GILES: Lectin and mucin histochemistry as an aid to cancer surveillance in ulcerative colitis

395 I. ROBERTSON and M. G. COOK: Multiple melanomas associated with diffuse melanocytic dysplasia

403 P. P. ANTHONY and K. JAMES: Pedunculated hepatocellular carcinoma. Is it an entity?

415 A. BORG-GRECH, J. A. MORRIS and B. P. EYDEN: Malignant osteoclastoma-like giant cell tumour of the renal pelvis

427 J. W. ARENDS, D. WILLEBRAND, A. M. M. BLAAUW and F. T. BOSMAN: Primary malignant fibrous histiocytoma of the liver—a case report with immunocytochemical observations

433 C. D. M. FLETCHER: Commentary: Malignant fibrous histiocytoma?

439 Book reviews

441 Correspondence

443 Forthcoming meetings

Volume 11, Number 5, May 1987

445 P. G. ISAACSON and J. SPENCER: Invited review: Malignant lymphoma of mucosa-associated lymphoid tissue

463 A. S-Y. LEONG and J. MILIOS: Atypical fibroxanthoma of the skin: a clinicopathological and immunohistochemical study and a discussion of its histogenesis

477 D. C. BROWN, J. M. THEAKER, P. M. BANKS, K. C. GATTER and D. Y. MASON: Cytokeratin expression in smooth muscle and smooth muscle tumours

487 A. J. NORTON, J. A. THOMAS and P. G. ISAACSON: Cytokeratin-specific monoclonal antibodies are reactive with tumours of smooth muscle derivation. An immunocytochemical and biochemical study using antibodies to intermediate filament cytoskeletal proteins

501 C. D. M. FLETCHER: Soft tissue sarcomas apparently arising in chronic tropical ulcers

511 K. OGAWA, Y-C. KIM, Y. NAKASHIMA, H. YAMABE, T. TAKEDA and Y. HAMASHIMA: Expression of epithelial markers in sarcomatoid carcinoma: an immunohistochemical study

523 D. N. SLATER, D. W. K. COTTON and J. G. AZZOPARDI: Oncocytic glomus tumour: a new variant

533 J. R. SALISBURY and B. C. PORTMANN: Oncocytic liver cell adenoma

541 C. J. O'BRIEN and A. J. FRANKS: Paraplegia due to massive asbestos-related pleural and mediastinal fibrosis

549 B. A. GUSTERSON: Commentary: Is keratin present in smooth muscle?

553 Book reviews

556 Forthcoming meetings

Volume 11, Number 6, June 1987

557 L. P. RUCO, S. ROSATI, D. REMOTTI, A. MODESTI, D. VITOLO and C. D. BARONI: Immunohistology of adenolymphoma (Warthin's tumour): evidence for a role of vascularization in the organization of the lympho-epithelial structure

567 J. HURLIMANN, D. GARDIOL and B. SCAZZIGA: Immunohistology of anaplastic thyroid carcinoma. A study of 43 cases

581 A. JOHNSON, M. ÅKERMAN and E. CAVALLIN-STÅHL: Flow cytometric detection of B-clonal excess in fine needle aspirates for enhanced diagnostic accuracy in non-Hodgkin's lymphoma in adults

591 G. PALLESEN, S. NIELSEN and J. E. CELIS: Characterization of a monoclonal antibody (BG3C8) that reacts with basal cells of stratified epithelia

603 N. J. BUNDRED, W. R. MILLER and R. A. WALKER: An immunohistochemical study of the tissue distribution of the breast cyst fluid protein, zinc alpha$_2$ glycoprotein

611 S. SHOUSHA, T. B. BULL, P. J. SOUTHALL and G. MAZOUJIAN: Apocrine carcinoma of the breast containing foam cells. An electron microscopic and immunohistological study

621 B. CROSSLEY, A. HERYET and K. C. GATTER: Does nodular lymphocyte predominant Hodgkin's disease arise from progressively transformed germinal centres? A case report with an unusually prolonged history

631 FU-GANG ZHU, XIA-JIN DENG and NAN-JUN CHENG: Intramucosal cysts in gastric mucosa adjacent to carcinoma and peptic ulcer: a histochemical study

639 N. J. BARNARD, P. R. CROCKER, A. D. BLAINEY, R. J. DAVIES, S. R. ELL and D. A. LEVISON: Pulmonary alveolar microlithiasis. A new analytical approach

647 A. LERCHE, M. VYBERG and E. KIRKEGAARD: Acute cholangitis and pancreatitis associated with sulindac (clinoril)

655 N. A. SHEPHERD, P. J. COATES and A. A. BROWN: Soft tissue gliomatosis–heterotopic glial tissue in the subcutis: a case report

661 K. C. GATTER, D. Y. MASON, E. HEYDERMAN and P. G. ISAACSON: Commentary: Which antibodies for diagnostic pathology?

665 Book reviews

668 Correspondence

670 Forthcoming meetings

Volume 11, Number 7, July 1987

671 J. S. WIGGLESWORTH: Invited review: Pathology of the lung in the fetus and neonate, with particular reference to problems of growth and maturation

691 E. F. GAFFNEY, D. CONDELL, B. MAJMUDAR, N. NOLAN, G. S. A. MCDONALD, M. GRIFFIN and E. C. SWEENEY: Modification of caecal lymphoid tissue and relationship to granuloma formation in sporadic ileocaecal tuberculosis

705 K. C. GATTER, M. S. DUNNILL, A. HERYET and D. Y. MASON: Human lung tumours: does intermediate filament co-expression correlate with other morphological or immunocytochemical features?

715 H. GALERA-DAVIDSON, M. BIBBO, H. E. DYTCH, R. GONZÁLEZ-CÁMPORA, A. FERNÁNDEZ and G. L. WIED: Nuclear DNA in anaplastic thyroid carcinoma with a differentiated component

723 G. TUCCARI and G. BARRESI: Immunohistochemical demonstration of ceruloplasmin in follicular adenomas and thyroid carcinomas

733 N. T. J. O'CONNOR, H. STEIN, K. C. GATTER, J. S. WAINSCOAT, J. CRICK, T. AL SAATI, B. FALINI, G. DELSOL and D. Y. MASON: Genotypic analysis of large cell lymphomas which express the Ki-1 antigen

741 P. TOSI, J. P. A. BAAK, P. LUZI, V. SFORZA, R. SANTOPIETRO and R. LIO: Correlation between immunohistochemically determined oestrogen receptor content, using monoclonal antibodies, and qualitative and quantitative tissue features in ductal breast cancer

753 S. KORBI, A. M'BOYO, M. DUSMET and A. SPILIOPOULOS: Pulmonary blastoma. Immunohistochemical and ultrastructural studies of a case

761 Brief reports

V. T. NIELSEN and C. ANDREASEN: Phyllodes tumour of the male breast

M. STEPHENS, J. KHALIL and A. R. GIBBS: Primary clear cell carcinoma of the thymus gland

767 Book reviews

769 Correspondence
773 Forthcoming meetings

Volume 11, Number 8, August 1987

775 G. S. RUTHERFOORD and A. G. DAVIES: Chordomas—ultrastructure and immunohistochemistry: a report based on the examination of six cases
789 J. K. C. CHAN, T. C. CHOW and M. S. TSUI: Prostatic-type polyps of the lower urinary tract: three histogenetic types?
803 C. D. M. FLETCHER and E. MARTIN-BATES: Spindle cell lipoma: a clinicopathological study with some original observations
819 A. L. FREINKEL: Histological aspects of sexually transmitted genital lesions
833 B. V. MITTAL and R. E. COTTON: Severely atypical changes in renal epithelium in biopsy and graft nephrectomy specimens in two cases of cadaver renal transplantation
843 B. S. OLSEN and S. HOLCK: Neurogenous hyperplasia leading to appendiceal obliteration: an immunohistochemical study of 237 cases
851 B. S. OLSEN: Giant appendicular neurofibroma. A light and immunohistochemical study
857 F. B. SØRENSEN and S. M. PAULSEN: Glycogen-rich clear cell carcinoma of the breast: a solid variant with mucus. A light microscopic, immunohistochemical and ultrastructural study of a case
871 S. SUSTER, M. HUSZAR and E. HERCZEG: Spindle cell squamous carcinoma of the lung. Immunocytochemical and ultrastructural study of a case
879 Correspondence
882 Forthcoming meetings

Volume 11, Number 9, September 1987

883 Editorial: R. E. COTTON: Twenty-five years of the Royal College of Pathologists—an appraisal of progress
885 J. K. C. CHAN, C. S. NG and S. T. H. LO: Immunohistological characterization of malignant lymphomas of the Waldeyer's ring other than the nasopharynx
901 P. W. HAMILTON, D. C. ALLEN, P. C. H. WATT, C. C. PATTERSON and J. D. BIGGART: Classification of normal colorectal mucosa and adenocarcinoma by morphometry
913 D. C. ALLEN, P. W. HAMILTON, P. C. H. WATT and J. D. BIGGART: Morphometrical analysis in ulcerative colitis with dysplasia and carcinoma
927 C. A. CUVELIER, B. C. MORSON and H. J. ROELS: The DNA content in cancer and dysplasia in chronic ulcerative colitis
941 E. JACOB, S. J. BAKER and S. P. SWAMINATHAN: 'M' cells in the follicle-associated epithelium of the human colon

953 C. M. DOBSON and H. A. ELLIS: Polycystic disease of the parotid glands: case report of a rare entity and review of the literature

963 K. MORTON, A. J. ROBERTSON and W. HADDEN: Angiolymphoid hyperplasia with eosinophilia: report of a case arising from the radial artery

971 E. W. BENBOW and R. F. T. MCMAHON: Chromolipid-induced portal lymphadenopathy in primary biliary cirrhosis

979 Brief reports

F. AL-HILLI: Lymphangioma (or alveolar adenoma?) of the lung

A. CARBONE, A. POLETTI, R. MANCONI, S. SULFARO and R. VOLPE: S-100 protein immunostaining in teratomatous well-differentiated tissues

K-F. BÜRRIG: Localized benign biphasic mesothelioma of the pleura

987 Book reviews

989 Correspondence

993 Forthcoming meetings

Volume 11, Number 10, October 1987

995 A. M. MCNICOL: Invited review: Pituitary adenomas

1013 M. T. RIVANO, B. FALINI, H. STEIN, S. CANINO, C. CIANI, J. GERDES, R. RIBACCHI, M. GOBBI and S. PILERI: Histiocytic necrotizing lymphadenitis without granulocytic infiltration (Kikuchi's lymphadenitis). Morphological and immunohistochemical study of eight cases

1029 C. D. BARONI, D. VITOLO, D. REMOTTI, A. BIONDI, F. PEZZELLA, L. P. RUCO and S. UCCINI: Immunohistochemical heterogeneity of macrophage subpopulations in human lymphoid tissues

1043 J. M. S. WILLIAMSON, I. GRIGOR, M. E. F. SMITH, C. S. HOLGATE, C. J. O'BRIEN, D. R. MORGAN, P. QUIRKE, D. L. ALISON, J. A. CHILD and C. C. BIRD: Ploidy, proliferative activity, cluster differentiation antigen expression and clinical remission in high-grade non-Hodgkin's lymphoma

1055 J. M. MACKENZIE and M. F. DIXON: An immunohistochemical study of the enteric neural plexi in Hirschsprung's disease

1067 I. W. THOMPSON, D. W. DAY and N. A. WRIGHT: Subnuclear vacuolated mucous cells: a novel abnormality of simple mucin-secreting cells of non-specialized gastric mucosa and Brunner's glands

1083 M. HARRIS, B. P. EYDEN and V. M. JOGLEKAR: Rhabdoid tumour of the bladder: a histological, ultrastructural and immunohistochemical study

1093 T. MIZUTANI, K. YOSHIMURA, H. MATSUSHITA, R. SHIOZAWA and M. HARA: Cerebral infarction due to systemic necrotizing vasculitis in a patient with rheumatic heart disease, subacute bacterial endocarditis and status epilepticus

1101 Book reviews

1105 Forthcoming meetings

1106 Announcement

Volume 11, Number 11, November 1987

1107 D. P. REGULA JR, L. M. WEISS, R. A. WARNKE and R. F. DORFMAN: Lymphocyte predominance Hodgkin's disease: a reappraisal based upon histological and immunophenotypical findings in relapsing cases

1121 C. D. BARONI, E. PESCARMONA, A. CALOGERO, A. M. CASSANO, F. PEZZELLA, P. BARSOTTI, A. GALLO and L. P. RUCO: B- and T-cell non-Hodgkin's lymphomas with large multilobated cells: morphological, phenotypic and clinical heterogeneity

1133 P. E. BISHOP, A. MCMILLAN and H. M. GILMOUR: A histological and immunocytochemical study of lymphoid tissue in rectal biopsies from homosexual men

1149 H. E. HOPKINSON, S. BATTERSBY and T. J. ANDERSON: The nature of breast dense core granules: uranaffin reactivity

1161 B. R. OPPEDAL, P. J. BÖHLER, P. F. MARTON and P. BRANDTZAEG: Carcinoma of the nasopharynx. Histopathological examination with supplementary immunohistochemistry

1171 M. LURIE, I. ELMALACH, L. SCHUGER and Z. WEINTRAUB: Liver findings in infantile cytomegalovirus infection: similarity to extrahepatic biliary obstruction

1181 P. A. HALL, C. J. O'DOHERTY and D. A. LEVISON: Langerhans cell histiocytosis: an unusual case illustrating the value of immunohistochemistry in diagnosis

1193 H.-J. SCHUURMAN, H. CH. GOOSZEN, I. W. N. TAN, P. M. KLUIN, SJ. SC. WAGENAAR and J. A. M. VAN UNNIK: Low-grade lymphoma of immature T-cell phenotype in a case of lymphocytic interstitial pneumonia and Sjögren's syndrome

1230 Brief reports

Y. KAMEYAMA, H. MAEDA, S. NAKANE, S. MAEDA, Y. TAKAI and M. FUKAYA: Malignant schwannoma of the maxilla in a patient without neurofibromatosis

I. M. MUIR, I. O. ELLIS, J. BELL and R. A. ROBINS: NCRC-11 immunoperoxidase staining patterns in breast cancer: interpretive and technical reproducibility

1211 F. D. LEE: Commentary: Hodgkin's disease

1219 Book reviews

1223 Correspondence

1227 Forthcoming meetings

1228 Announcement

Volume 11, Number 12, December 1987

1229 B. FALINI, H. STEIN, S. PILERI, S. CANINO, R. FARABBI, M. F. MARTELLI, F. GRIGNANI, M. FAGIOLI, O. MINELLI, C. CIANI and L. FLENGHI: Expression of lymphoid-associated antigens on Hodgkin's and Reed-Sternberg cells of Hodgkin's disease. An immunocytochemical study on lymph node cytospins using monoclonal antibodies

1243 C. S. NG, J. K. C. CHAN, S. T. H. LO and D. S. Y. LO: Critical assessment of four monoclonal antibodies reactive with B-cells in formalin-fixed paraffin-embedded tissues

1259 B. B. NIELSEN: Adenosis tumour of the breast—a clinico-pathological investigation of 27 cases

1277 W. A. REID, T. BRANCH, W. D. THOMPSON and J. KAY: The effect of diffusion on the immunolocalization of antigen

1285 N. M. KERNOHAN and R. RANKIN: S-100 protein: a prognostic indicator in cutaneous malignant melanoma?

1295 A. S-Y. LEONG and J. WRIGHT: The contribution of immunohistochemical staining in tumour diagnosis

1307 C. R. DE POTTER, M. M. PRAET, R. E. SLAVIN, P. VERBEECK and H. J. ROELS: Feulgen DNA content and mitotic activity in proliferative breast disease. A comparison with ductal carcinoma *in situ*

1321 P. COOPER, G. RUSSELL and B. WILSON: Adenocarcinoma of the endocervix—a histochemical study

1331 M. STEPHENS, G. T. WILLIAMS, B. JASANI and E. D. WILLIAMS: Synchronous duodenal neuroendocrine tumours in von Recklinghausen's disease—a case report of co-existing gangliocytic paraganglioma and somatostatin-rich glandular carcinoid
